

# Recommended agenda for OEMS

Day 1- August 21, 2014

Room	B1 20 min.	B2 20 min.	B3 20 min.	B4 20 min.	B5 20 min.	F1 60 min.
9:00-9:30	<b>Session 1</b>					
	Rapid response and performance improvement solutions	Conveyors optimization in the mining industry	Thomas & Betts: New developments of Accessories for Underground Distribution	ABB Full Service: Increasing plant productivity, improving maintenance		<b>ABB FORUM: WATER INFRASTRUCTURE, CHALLENGES 9:00 - 10:00 HRS</b>
9:40-10:10	<b>Sesión 2</b>					
	Static Var Compensator, An insurance for improved grid system stability and reliability	Industrial Cyber Security. What is it all about?	Start and control your medium voltage motors using ABB's MCC	Flexible protection schemes for generation, transmission and distribution solutions	Lower environmental impact: SF6 Circuit Breakers technology and new CO2 trends	<b>ABB FORUM: AUTOMATION TRENDS IN THE AUTOMOTIVE INDUSTRY (SUCCESS STORY) 10:00 - 11:00 HRS</b>
10:20-10:50	<b>Session 3</b>					
	<b>Optimize pumping systems with ABB drives</b>	TROPOS. Wireless communication systems of high availability	Increase safety with Safegear Switchgear with arc resistance and metal clad construction	Fingerprint for roll-forming mills in the metals industry	Save money and improve availability with generator circuit breaker	
11:00-12:15	<b>ENERGY REFORM FORUM - PEMEX AND CFE TRANSFORMATION FROM GOVERNMENT INSTITUTIONS TO PRODUCTIVE COMPANIES OF THE GOVERNMENT. OPPENING OF ENERGY SECTOR TO PRIVATE INITIATIVE, NEW OPPORTUNITIES OF MEXICAN MARKET (GLOBAL ENERGY) 11:00 - 12:15 HRS</b>					
12:15-13:00	<b>Opening Ceremony - Greg Scheu, CEO ABB Inc and Region Manager North America and Pierre Comptdaer, CEO ABB in Mexico</b> <b>Ribbon cutting ceremony at Technology and Solution Center</b>					
13:00-13:30	<b>Tour at Exhibition Floor (special guest committee)</b>					
13:00- 18:30	<b>SHOWROOM OPEN FOR CUSTOMERS</b>					
13:30-15:00	<b>LUNCH</b>					
15:00-15:30	<b>Session 4</b>					
	<b>Power Electric Measurement, Costs Effective Administration with IEC Panel Boards</b>	Symphony Plus. Total automation platform for Power Generation plants and Water Treatment plants	Service solutions for operational efficiency	Capacitor banks in HV and MV grids for power quality improvement	Trends on Automation: Cyber Security, Wireless, Control Room	<b>ABB FORUM: THE CHALLENGES OF THE MINING INDUSTRY IN MEXICO 15:00 - 16:00 HRS</b>
15:40-16:10	<b>Session 5</b>					
	<b>Power Quality Solutions for Low Voltage</b>	Sadara Megaproject, largest petrochemical complex in the world (Part 1)	How to increase reliability and service level of your distribution network with the use of the COM600 Substation Controller	<b>Optimal Air Handling solutions, complete offer for air conditioning</b>	Intelligent GIS Substations, full integration into Smart Grid	<b>LOW VOLTAGE PRODUCTS LAUNCHING SESSION 16:00 - 17:00 HRS</b>
16:20-16:50	<b>Session 6</b>					
	Extreme Level Measurement: Solutions from 850°F for cryogenic applications	Sadara Megaproject, largest petrochemical complex in the world (Part 2)	<b>Thomas &amp; Betts: Productivity Innovation in Electrical Installations</b>	Motion Control Solutions for Mining	High efficiency motors for Water Distribution	
17:00-18:30	<b>ENERGY REFORM FORUM: OPPORTUNITIES FOR THE ENERGY SECTOR FROM ENERGY REFORM (EXPANSIÓN) 17:00 - 18:30 HRS</b>					

# Recommended agenda for OEMS

## Day 2- August 22, 2014

Room	B1 45 min.	B2 45 min.	B3 45 min.	B4 45 min.	B5 45 min.	F1 60 min.
09:00-10:00	<b>ABB FORUM: AIRPORTS, RAIL AND MULTIMODAL TRANSPORT 9:00 - 10:00 HRS</b>					
10:00-10:30	<b>Session 7</b>					
	Energy Efficiency in Pumping and Compressors Systems	Machinery safety a simple way to keep category 4	ABB Solar Inverters, a perfect solution (in the local market known as Power One)	Service solutions for lifecycle management	Lower environmental impact while cutting your costs (success story Nestle). High efficiency and reduce losses transformers (amorphous core)	<b>ABB FORUM: SMART GRIDS IN MEXICO: UTOPIA OR REALITY? 10:00 - 11:00 HRS</b>
10:00-8:00	<b>SHOWROOM OPEN FOR CUSTOMERS</b>					
10:40-11:10	<b>Session 8</b>					
	Innovation in Motor Control Center and Switchgear Low Voltage Systems	The use of Electric Vehicles in Mexico (Nissan)	Human Factors and their Impact on Plant Safety	Increase substation capacity in reduced spaces and high altitude with the use of ZX Gas Insulated Switchgear	HVDC (High Voltage Direct Current) - Benefits and Applications	<b>ABB FORUM: OVERVIEW OF SOLAR PHOTOVOLTAIC ENERGY IN MEXICO 11:00 - 12:00 HRS</b>
11:20-11:50	<b>Session 9</b>					
	Improving public safety with summersible dry type transformers and innovative technologies for underground distribution	FOX 615. New generation multiservice platform of access and transport	Importance of alarm rationalization process	Petroleum Industry solutions: metal enclosure for distribution boards	Assuring return of investment: Design and selection of ITs and SAs for T&D electrical substations	
12:00-12:30	<b>Session 10</b>					
	<b>New connection technology - SNK solution</b>	Oil & gas offshore special solutions. Cast Coil transformers and medium voltage Switchgear	Metal Enclosed Capacitor Banks, increased reliability in electric networks	Continuous gas analysis: Innovative developments to help optimize your plant	Gas Insulated technology vs Air insulated technology in substations	
12:30-14:00	<b>ENERGY REFORM FORUM: ECONOMIC IMPACT FROM ENERGY REFORM (PETRÓLEO Y ENERGIA) 12:30 - 14:00 HRS</b>					
14:00-15:00	<b>LUNCH</b>					
15:00-15:30	<b>Session 11</b>					
	Added Value Proposal with an ABB integrated solution of Electrification, Control and Instrumentation (EC&I) for the mining industry	Service Grid. Solutions for life cycle management of electrical and automation plants	Supervision and Control of energy through new intelligent switches	Water hammering and pressure surges in pumping applications	<b>Minimize switchgear damage with the use of the Ultra Fast Earthing Switch (UFES) and the current limitation device IS Limiter</b>	<b>ABB FORUM: ROBOTS IN THE EFFICIENT MANAGEMENT OF CONSUMER PRODUCTS: FLEXIBILITY, SPEED AND RELIABILITY (Success Story) 15:00 - 16:00 HRS</b>
15:40-16:10	<b>Session 12</b>					
	Success stories in automation and electrification of marine terminals	Energy Efficiency in Motion Control Systems	VENTYX. The best business solutions for companies with intensive use of assets	Robotic Truck Washer Solution	Electrical distribution with Power Manager	
16:20-17:20	<b>ABB FORUM - NATURAL GAS DEVELOPMENT IN MEXICO - IMP/ PEMEX 16:20 - 17:20 HRS</b>					
17:30 18:15	<b>Closing Ceremony and Donation to ANSeR Raffle (people who attended at least 5 conferences)</b>
