3.7 Services provided and charged on the basis of hourly rates require written confirmation of Supplier's time sheets by Customer. Supplier shall submit the respective time sheets to Customer for such confirmation in due time. Confirmation of the time sheet shall not be construed as acknowledgement of any claims. Customer shall not be obliged to pay invoices based on time sheets which are not confirmed in writing by Customer.

The Parties shall agree on the impact of the Variation Order on applicable prices. In case no such agreement on the price impact is reached within reasonable time, Supplier shall perform the Variation Order with the agreement that the impact on the price or possible compensation payments shall be calculated in accordance with the following principles and their hierarchical order: (i) agreed unit price list, (ii) lump sum to be agreed between the Parties, (iii) agreed cost plus profit margin basis or, (iv) as a combination of these methods. If the agreed unit price list does not cover the subject matter of the Variation Order, an additional price list used for similar goods, services and/or work products shall be agreed by the Parties and added to the existing unit price list. Supplier shall not postpone or delay the performance of a Variation Order on the grounds of dispute, or that the Variation Order is subject to acceptance by Supplier, or agreeing to the value amount, or extension of time. Variation Orders requested by Supplier shall only become effective after express written confirmation by Customer.

Supplier undertakes to voluntarily and at its own cost appear in court, if requested by Customer, acknowledging its status as sole and exclusive employer, and to provide Customer with any and all requested documentation and information necessary to ensure proper legal defence of Customer in court. The preceding sentence shall not apply if and to the extent the liability or damage was caused by Customer's gross negligence or intentional act.

3.13 Customer is authorized to make any payments due to Supplier's employees and subcontractors performing Services, or providing Goods and/or Work Products under the Contract, in order to avoid lawsuits, liens or encumbrances. Such payments may be made through withholding Supplier's credits, through offsetting or in any other way. Supplier shall provide any support requested by Customer with regard to such payments and indemnify Customer for any payments made.

3.16 Where it is necessary for Supplier to enter Customer's premises, Supplier will need to complete the necessary occupational health and safety and security on site inductions before commencing work.

Supplier shall be fully liable for all damages resulting from a breach of this obligation, in particular but not limited to damages for delay.

5.4 The Goods and/or Work Products shall be delivered, and Services shall be provided during Customer's business hours unless otherwise requested by Customer.

5.5 Upon Delivery, Supplier (or its appointed carrier) shall provide Customer, together with a delivery note, any other required export and import documents not mentioned in Clause 5.3. To the extent that the Goods and/or Work Products contain Embedded Software, ownership (title) regarding such Embedded Software shall not be passed to Customer, however Customer and all users shall have a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty-free right to use the Embedded Software as an integral part of such Goods and/or Work Products or for servicing either of them. In the event the Embedded Software or any part thereof is owned by a third party, Supplier shall be responsible for obtaining the respective software licences necessary from the third party before Delivery to comply with its obligations under the Contract.

6.1 Customer shall not be deemed to have accepted any Goods, Services and/or Work Products until it has had reasonable time to inspect or test them following Delivery or, in case a defect in the Goods, Services and/or Work Products was not reasonably detectable during the inspection, within a reasonable time period after such defect has become apparent. Any obligation of Customer to inspect the Goods, Services and/or Work Products, shall be limited to quantity and type, and visible defects or damages resulting from transport.

6.2 The Parties may agree on a certain acceptance procedure, in which case acceptance shall be subject to Customer's explicit written acceptance statement. Supplier shall inform Customer in writing within a reasonable time period in advance when the Goods, Services and/or Work Products are ready for inspection, testing, or acceptance.

6.3 If any Goods, Services and/or Work Products do not comply with Clause 3 (Supplier's Responsibilities), or are otherwise not in conformity with the Contract, then, without limiting any other right or remedy that Customer may have under Clause 10 (Remedies), Customer may reject the Goods, Services and/or Work Products and/or request replacement by Goods, Services and/or Work Products conforming with the Contract or recover all payments made to Supplier.

7. DELAY

If the Delivery of Goods and/or Work Products or the provision of Services does not comply with the agreed date(s) then, without prejudice to any other rights which it may have, Customer shall have the right to:

8.2 If the results of such inspection or tests cause Customer to be of the opinion that the Goods, Services and/or Work Products do not conform or are unlikely to conform with the Contract or with any agreed specifications, including all specified material, workmanship and the like, documentation and quality requirements, or are not performed in accordance with generally accepted practices, procedures and standards of the respective industry, Customer shall inform Supplier and Supplier shall without undue delay take such action as is necessary to ensure conformity with the Contract. In addition Supplier shall carry out necessary additional inspection or testing at Supplier's own cost whereby Customer shall be entitled to attend.

8.3 Notwithstanding any inspection or tests by Customer, Supplier shall remain fully responsible for compliance of the Goods, Services and/or Work Products with the Contract. This applies whether or not Customer has exercised its right of inspection and/or testing and shall not limit Supplier's obligations under the Contract. For the avoidance of doubt, inspection or testing of Goods, Services and/or Work Products by Customer shall in no event exempt Supplier from or limit Supplier's warranties or liability in any way.

9.1 Supplier warrants that the Goods, Services and/or Work Products:

9.1.1 comply with the Contract, including all specifications, specified material, workmanship and the like, documentation and quality requirements, or in absence thereof are provided or performed in accordance with generally accepted practices, procedures and standards of the respective industry, and are fit for the purposes for which goods, services or work products of the same description or the same or similar type would ordinarily be used, and keep the functionality and performance as expected by Customer according to Supplier's information, documentation and statements;

10. REMEDIES

10.1 In case of breach of any warranty under Clause 9 (Warranty) or if Supplier otherwise fails to comply with any of the terms of the Contract, Customer shall give notice in writing to Supplier of such breach and provide Supplier an opportunity to remedy it. If Supplier has not successfully remedied such breach within forty eight (48) hours of receiving such Customer notification or within such other remedy period agreed in writing between the Parties, Customer shall be entitled to any one or more of the following remedies at its own discretion and at Supplier's expense:

- 10.1.1 to give Supplier another opportunity to carry out any additional work necessary to ensure that the Contract is fulfilled;
 - 10.1.2 to carry out (or to instruct a third party to carry out) any additional work necessary to make the Goods, Services and/or Work Products comply with the Contract;
 - 10.1.3 to obtain prompt repair or replacement of the defective Goods, Services and/or Work Products by Goods, Services and/or Work Products conforming with the Contract without defects;
 - 10.1.4 to refuse any further Goods, Services and/or Work Products, but without exemption from Supplier's liability for the defective Goods, Services and/or Work Products provided by Supplier;
 - 10.1.5 to claim such damages as may have been sustained by Customer as a result of Supplier's breaches of the Contract;
 - 10.1.6 to terminate the Contract; in such event Customer shall have no obligation to compensate Supplier for the already provided but unpaid parts of the Goods, Services and/or Work Products, and Supplier shall be obliged to pay back to Customer any remuneration received from Customer for the Goods, Services and/or Work Products, and to take back the Goods and/or Work Products at Supplier's own cost and risk.
- 10.2 In the event that Clauses 10.1.1, 10.1.2 or 10.1.3 apply, the entire warranty period of Clause 9.2 shall be restarted.
- 10.3 The rights and remedies available to Customer and contained in the Contract are cumulative and are not exclusive of any rights or remedies available at law or in equity.

11. INTELLECTUAL PROPERTY

- 11.1 Supplier hereby grants Customer, or undertakes to procure that Customer is granted, a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty-free licence to use the Intellectual Property Rights in the Goods, including Embedded Software, if any.
- 11.2 Supplier assigns herewith to Customer full ownership rights in and to any Intellectual Property in the Work Products arising from the Services for the full duration of such rights, wherever in the world enforceable. Supplier further agrees to execute, upon Customer's request and at its cost, all further documents and assignments and do all such further things as may be necessary to perfect Customer's ownership title to the Intellectual Property or to register Customer as owner of the Intellectual Property with any registry, including but not limited to governmental registration authorities or private registration organisations.
- 11.3 The Intellectual Property Rights in any Work Products created by or licensed to Supplier prior to the respective Contract or outside of

such Contract, and any subsequent modifications to the same ("Pre-Existing Works") will remain vested in Supplier or the respective third party owner. To the extent that Pre-Existing Works are embedded in any Work Products delivered by Supplier, Customer and its Affiliates shall have a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty-free licence to use the Pre-Existing Works as part of such Work Products, including the right to further improve, develop, market, distribute, sublicense, exploit or otherwise use the Work Products containing such Pre-Existing Works. Supplier shall not be prevented or restricted from using its own know-how or its Pre-Existing Works in the course of providing the Services.

11.4 In the event the Embedded Software contains or uses Open Source Software, Supplier must specify and inform Customer in writing and prior to Delivery about all Open Source Software implemented into or used by the Embedded Software. In the event that Customer does not approve any Open Source Software components contained in or used by the Embedded Software, Supplier agrees to replace or substitute at its own cost the affected Open Source Software component(s) contained in or used by the Embedded Software with software of at least the same quality and functionality and which is accepted by Customer.

11.5 In the event that the Goods and/or Work Products (and/or the Embedded Software) delivered, or Services provided infringe any third party Intellectual Property Rights, Supplier shall, notwithstanding anything provided to the contrary or otherwise contained in the Contract, provide IPR Indemnification to Customer. The IPR Indemnification does not limit any further compensation rights of Customer. Supplier's obligation to indemnify Customer as provided under this Clause shall not apply if and to the extent the liability or damage was caused by Customer's own pre-existing Intellectual Property Rights contributed to, or implemented into the Goods, Services and/or Work Products.

11.6 If any infringement claim is made against Customer, Supplier shall at its cost, but at Customer's discretion (i) procure for Customer the right to continue using the Goods, Services and/or Work Products; (ii) modify the Goods, Services and/or Work Products so that they cease to be infringing; or (iii) replace the Goods, Services and/or Work Products so that they become non-infringing.

11.7 In the event Supplier cannot fulfil the measures requested by Customer under Clause 11.6, Customer shall be entitled to terminate the Contract and to reclaim all sums which Customer has paid to Supplier thereunder. In any event, Customer may claim compensation in accordance with Clause 11.5 for any costs, losses or damages incurred whatsoever.

12. COMPLIANCE, INTEGRITY

12.1 Supplier shall provide the Goods, Services and/or Work Products in compliance with all relevant legislation, laws, rules, regulations, and codes of practice, guidance and other requirements of any relevant government or governmental agency. 12.3 Supplier represents and warrants that it is knowledgeable with, and is and will remain in full compliance with all applicable trade and customs laws, regulations, instructions, and policies, including, but not limited to, securing all necessary clearance requirements, proofs of origin, export and import licenses and exemptions from, and making

all proper filings with appropriate governmental bodies and/or disclosures relating to the provision of services, the release or transfer of goods, hardware, software and technology to non U.S. nationals in the U.S., or outside the U.S., the release or transfer of technology and software having U.S. content or derived from U.S. origin software or technology.

12.4 No material or equipment included in or used for the Goods, Services and/or Work Products shall originate from any company or country listed in any relevant embargo issued by the authority in the country where the Goods, Services and/or Work Products shall be used or an authority otherwise having influence over the equipment and material forming part of the Goods, Services and/or Work Products. If any of the Goods, Services and/or Work Products are or will be subject to export restrictions, it is Supplier's responsibility to promptly inform Customer in writing of the particulars of such restrictions.

12.5 Both Parties warrant that each will not, directly or indirectly, and that each has no knowledge that the other Party or any third parties will, directly or indirectly, make any payment, gift or other commitment to its customers, to government officials or to agents, directors and employees of each Party, or any other party in a manner contrary to applicable laws (including but not limited to the U. S. Foreign Corrupt Practices Act and, where applicable, legislation enacted by member states and signatories implementing the OECD Convention Combating Bribery of Foreign Officials), and shall comply with all relevant laws, regulations, ordinances and rules regarding bribery and corruption.
