

DM Robotics – Customer Support & Training : 03.06.2015

Training Centre Facilities Bangaluru & Faridabad Location

Training Centre Facilities

Demo Room
Simulation

- Demo-room with operating Robotics models
- Robot Working cell for hands-on training
- Highly qualified trainer with Hands on experience
- Sophisticated learning aids such as, simulations, and multimedia presentations
- Robot Spare parts demonstration.
- Well-equipped classroom with fully AC with silent atmosphere

Training Centre Facilities

Demo Room – Product Cutouts

Demo Room
Simulation

ABB Model IRB1410
With IRC5 Controller
Robot on pedestal
Welding Torch and
multiple type of TCP

Training Centre Facilities

Demo Room

Demo Room

Simulation

ABB Model IRB1520
With IRC5 Controller
Robot on pedestal
Full demo for Welding
Application Trial
Welding Power Source
Keparc 400
Welding Torch and
multiple type of TCP

Training Centre Facilities

Demo Room

Demo Room
Simulation

ABB Model IRB 6640
With IRC5 Controller
Robot on pedestal
Full demo for Spot
Welding Application
Trial

Bosch PST 610E,
Integrated 95 kVA
Thyrsitor capacity,
400V to 480V, 50/60Hz,
130A (rated), Air
cooled

ABB Flex Gun
demonstration

Tip dressers helps &
maintain weld
consistency and
quality in spot welding

Training Centre Facilities

Demo Room

Demo Room

Simulation

**ABB Model IRB 5400
With IRC5P Controller
Paint Robot for Process
Training
Along with Dry Air and
Simulation Software**

Training Centre Facilities Simulation on PC

Demo Room
Simulation

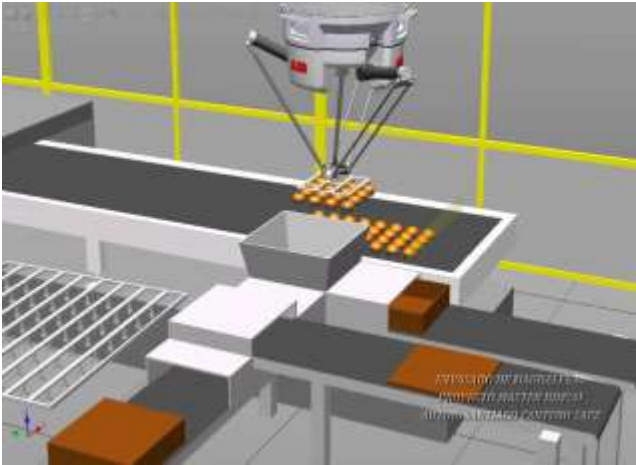

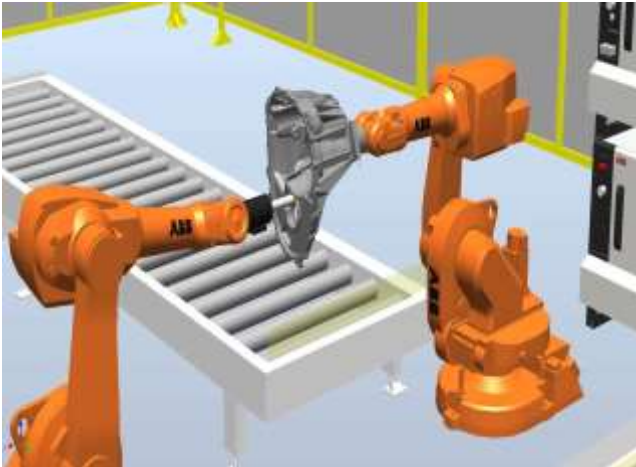

ABB Robot Studio Simulation
With Multiple Station
