

Technical sessions at the WindEnergy Hamburg Exhibition 2016
September 27-30, Hamburg
ABB booth #200, hall A.4

Topic	Speaker	Tuesday 27 Sep	Wednesday 28 Sep	Thursday 29 Sep	Friday 30 Sep
ABB Compact Secondary Substation (CSS) solutions for wind turbine electrification	Andrea Meroni / Dmitri Tarassov	11:30 - 12:00		11.30 - 12:00	
ABB MV wind turbine converter - optimized for lowest LCoE	Stephan Ebner / John Eckerle		10:00 - 10:30	10:00 - 10:30	
ABB NALFWind switch-fuse combination for windfarm application	Tomasz Komalski		16:30 - 17:00	09:30 - 10:00	
ABB Transformer Intelligence® for monitoring and diagnostics of transformer fleets	Stephen Pearce		13:30 - 14:00	09:00 - 09:30 16:00 - 16:30	
Boosting reliability and availability with commissioning and remote service	Stephan Ebner / John Eckerle		14:00 - 14:30	11:00 - 11:30	
Effective installation of high-voltage cable systems offshore	Nils Janko / Leo Pols	16:30 - 17:00		15:30 - 16:00	09:30 - 10:00
Energy efficiency in transformers - ABB helps you achieve energy efficiency goals	Pawel Prylinski		09:30 - 10:00		
FMEA-studies for the wind industry	Andreas Underbrink	09:00 - 09:30	13:00 - 13:30		
HVDC for Offshore Wind	Nils Janko / Leo Pols	15:30 - 16:00		15:00 - 15:30	11:00 - 11:30
Is-limiter for wind power applications	Anatol Przytulski	13:00 - 13:30			
Key takeaways after 10 years experience in offshore wind	Stephan Ebner / John Eckerle	11:00 - 11:30	11:00 - 11:30		
Line voltage regulators offer an innovative approach to increasing the capacity of distribution grids to accommodate wind power	Frank Cornelius		14:30 - 15:00	14:30 - 15:00	
Maintenance: Asset Health Center	Steven Hagner			16:30 - 17:00	10:00 - 10:30
Maintenance: Ellipse Enterprise Asset Management	Steven Hagner	15:00 - 15:30		13:00 - 13:30	
Medium-voltage wind power applications	Anatol Przytulski	14:30 - 15:00	15.30 - 16:00		
Medium-voltage diode-based capacitor switch for power quality and network reliability	Gabriele Persichilli		15:00 - 15:30 10:30 - 11:00		
Operations: Network Manager™ DMS	Steven Hagner	10:00 - 10:30	09:00 - 09:30		
Power quality solutions for the wind industry	Nils Froehmer	13:30 - 14:00		10:30 - 11:00	10:30 - 11:00
SPT and DRY transformers for large turbines and 66 kV collector array	Juan-Pedro Gracia / Ilario Scian		11:30 - 12:00	13:30 - 14:00	
Transformers with environmentally friendly, bio-degradable fluids	Pawel Prylinski	09:30 - 10:00			
UFES for wind power applications	Anatol Przytulski	10:30 - 11:00			
Wind Farm Planning: Velocity Suite, Energy Reference Cases, PROMOD HD	Steven Hagner	16.00 - 16:30	16:00 - 16:30	14:00 - 14:30
