ABB IN THE UNITED STATES

Jonesboro, Arkansas
Facility Overview

What we do in Jonesboro
Design and manufacture wiring and cable management equipment for corrosive, industrial, and infrastructure environments as well as for homes and buildings. Our products are used by manufacturers and electrical contractors to ensure safe electrical connections in the toughest environments.

Who we serve
ABB's Ocal® corrosive resistant conduits protect wiring in food processing plants, wastewater treatment plants and oil and gas wells and refineries. Similarly, our Liquidtight Systems™ protect metal ca-bling in subways and tunnels and electrical wiring in pharmaceutical and sterile facilities, where hygiene is paramount and equipment must be washed down. Our Carlon® fittings and elbows are available in hardware stores nationwide to ensure reliable and safe electrical systems in homes and businesses.

ABB in the U.S.
ABB is a pioneering technology leader that works closely with utility, industry, transportation and infrastructure customers to write the future of industrial digitalization, increasing productivity and boosting efficiency.
