16250 W Glendale Dr  
New Berlin, WI  
53151

**Offering**  
Variable Frequency  
Drives (VFDs)

**Number of employees**  
360

**Operational since**  
1988

### What we do in New Berlin

Design, manufacture, repair, and refurbish low and medium voltage drives for domestic and export sale. These drives help to improve manufacturing processes and energy efficiency by providing precise motor control on process and discrete applications in HVAC, water and wastewater, and industrial markets.

### Who we serve

ABB drives are installed in a variety of industries, including HVAC, food and beverage, water and wastewater, COG, energy, mining, material handling, plastics, metals, hospitals, and many more. The majority of the ABB drives installed in North America are manufactured at the plant in New Berlin, WI.

### ABB in the U.S.

ABB is a pioneering technology leader that works closely with utility, industry, transportation and infrastructure customers to write the future of industrial digitalization, increasing productivity and boosting efficiency.
