

AGENDA | DAY 1 (21, FEBRUARY 2018)

Accelerating sustainable growth, Pune

ABB Technology Day

	HALL: INSPIRE I	HALL: INSPIRE III	HALL: REFRESH
TIME	TOPICS	TOPICS	TOPICS
14:00 - 15:30	Automotive: Efficient, safe & flexible solutions for intelligent automotive manufacturing – Part 1 <ul style="list-style-type: none"> • Future automotive factory: Digitilization and adaptive system • ABB India's offering for local manufacturing challenges • Industrial transport technology for super-efficient shop-floor • Machine and human safety solutions 	OEM: Extensive range of machine control solutions for diverse industrial application <ul style="list-style-type: none"> • Boosting industrial profitability with energy efficient motors and smart sensors • Boosting industrial profitability with digitally enabled VSDs and drives remote service • Electrification product offerings for your machines 	Digitization solutions for process industry <ul style="list-style-type: none"> • The possibilities of ABB Ability™ • Connected digital enterprise for enhanced performance - Cement • Connected digital enterprise for enhanced performance - Metals • Connected digital enterprise for enhanced performance - Mining and Material handling
16:00 - 17:30	Automotive: Efficient, safe & flexible solutions for intelligent automotive manufacturing – Part 2 <ul style="list-style-type: none"> • Securing productivity anytime, anywhere - Robotics Service • Industrial IoT for brownfield • Bringing fresh air to your cities with fast chargers • ABB technologies for power distribution • Power quality solutions for automotive industry 	OEM: Digitization solutions for machines to improve operational efficiency <ul style="list-style-type: none"> • Automation technology for boiler and power plant • Instrumentation, control and automation solutions for diverse industrial applications • Digitalization solutions for industry & OEMs 	Food & Beverage: Plant-wide solutions to optimize productivity, efficiency and uptime <ul style="list-style-type: none"> • All compatible digitally smart drive for food industry • Choose the right and write the future with ABB motors • ABB service solutions & safety technologies • Energy saving and improvement in equipment reliability • Flexible robotic solution - faster, safer & cleaner • ABB automation solutions for F&B applications
18:00 - 19:30	The Future of Manufacturing: From device to control <ul style="list-style-type: none"> • Operational excellence - Staying competitive through digitalization • Digital ready substation solutions Space saving technologies • Intelligent solutions for motor control Reliable solutions for optimum performance • Leveraging IoT in existing operations Enhancing competitiveness 	OEM: Water and waste-water management <ul style="list-style-type: none"> • Drives technology for water and wastewater application • New drive launch for water and wastewater application - ACQ580 • Doing more with less: Save on energy costs with high-efficiency motors • Measurement made easy: Smart solutions for reliable, efficient, clean and safe water • Intelligent solutions for water segment 	Sugar: Plant-wide solution to optimize productivity, efficiency and uptime <ul style="list-style-type: none"> • Automation solutions for sugar applications - Everything, controlled • All compatible digitally smart drive for sugar industry • Space saving solutions-GIS, hybrid, digital substation • Measurement made easy: Reliable, efficient and safe automation solutions for sugar industry • Complete service solutions • Intelligent solutions for motor control

AGENDA | DAY 2 (22, FEBRUARY 2018)

Accelerating sustainable growth, Pune

ABB Technology Day

	HALL: INSPIRE I	HALL: INSPIRE III	HALL: REVEL
TIME	TOPICS	TOPICS	TOPICS
15:00 - 16:30	Building infrastructure: ABB innovation for building infrastructure <ul style="list-style-type: none"> • Powering tomorrow's buildings • Optimising energy in HVAC systems • Renewable energy for building infrastructure • Reliable protection for tomorrow's buildings • Technologies for intelligent buildings 	Channel Partner: Partnering for mutual growth <ul style="list-style-type: none"> • Partner initiatives and e-commerce • Power grid's distributors positioned to partner ABB's growth in India • Control technologies - partnership for profit & growth • Opportunities with electrification products 	Panel Builders: LV panels for building complying with IEC-61439 <ul style="list-style-type: none"> • Learn IEC - 61439
17:00 - 18:30	Building infrastructure: ABB innovation for building infrastructure <ul style="list-style-type: none"> • Powering tomorrow's buildings • Optimising energy in HVAC systems • Renewable energy for building infrastructure • Reliable protection for tomorrow's buildings • Technologies for intelligent buildings 	Utility / Renewables: Enabling a stronger, smarter and greener grid <ul style="list-style-type: none"> • New technologies in T&D • Products and solutions for enhanced power quality and reliability • Efficient, optimised, engineered solar power 	Retail: Switch on life! <ul style="list-style-type: none"> • Wide range. Wider reach. ABB retail
