COURSE DESCRIPTION

G384-RU
ACS880-04/07 Maintenance, commissioning and service

Course goal
The goal of this course is to teach students to maintain, startup and operate ACS880-04/07 drives.

Main learning objectives
Upon completion of this course the participants will be able to:
- Commission ACS880-04/07 drives;
- Operate ACS880-04/07 drives;
- Do basic maintenance for ACS880-04 and ACS880-07 drives.

Participant profile
This course is intended for electricians, technicians, and engineers who maintain, operate and service ACS880-04 and ACS880-07 drives.

Prerequisites
Students should have basic knowledge of electronics. Students should take course G380, E-learning courses G3804e, G3847e G3841e, G3806e, G3807e and G3808e.

Topics
- ACS880-04 Location and basic maintenance;
- ACS880-07 Location and basic maintenance;
- ACS880-07 start up and operation;
- ACS880-07 module replacements.

Course type and methods
This is a classroom course with hands-on lab activities supported by an instructor. This course contains hands-on ACS880 exercises.

Duration
The duration is 2 days.
