

ABB's Transformer Days 2016

Distinguished guests,

It is our honor to invite you to join the “ABB Transformer Days” event, which will be held on October 25 – 26 at Centara Grand at CentralWorld, Bangkok.

With the theme of **“Smart Asset Management to boost operational efficiency”**, we will show our comprehensive offerings and technical innovation in the transformers industry through opening forum, panel discussion, exhibition, technical seminars and other activities. We are targeting external audiences including industry experts, customers, as well as academia.

ABB management team, customers from renowned utility companies will share their insights on transformer industry at the opening forum. Panel speakers will thoroughly discuss topics covering opportunities and challenges in transformers industry, with key topics as “Transformer Reliability”. We will present our key transformers technologies such as CoreTec and CoreSense at the exhibition area. Several hot industry topics will be covered at the technical seminar sessions, including ABB Special Transformers, Green solutions, transformer Intelligence and transformer assets management.

The event is also perfectly connected to the 21st CEPSI (Conference of Electric Power Supply Industry 2016), which will be held from 24 - 27 October 2016 at the same venue. ABB is also a major sponsor of this event and will take part in the exhibition to showcase a broad variety of technology and solutions.
