Contact Center

Making it easy for you to deal with ABB.

The ABB Contact Center has been established to provide a coordinated capability for handling inquiries from customers and business partners.

The Contact Center team will ensure that you are connected to the right person by providing you with a simple, single point of contact to all of our sales, service and internal support groups. Customers are encouraged to submit all requests for quotations (RFQ's) and Purchase Orders to this Contact Center.

Electrification

Writing the future of safe, smart and sustainable electrification

Business Lines:

- Smart Buildings
- Installation Products
- Distribution Solutions
- Smart Power
- Industrial Solutions

Industrial Automation

Writing the future of safe and smart operations

Business Lines:

- Energy Industries
- Process Industries
- Marine and Ports
- Turbocharging
- Measurement and Analytics

Motion

Writing the future of smart motion

Business Lines:

- Drives
- Motors
- Mechanical Power Transmission

Robotics & Discrete Automation

Writing the future of flexible manufacturing and smart machines

Business Lines:

- Machine & Factory Automation
- Robotics
