Part Type	New
Product Name	MACHsense 1-year Subscription
Product Net Weight	0 kg
Product Type	Spare_Parts
Quote Only	No
Selling Unit of Measure	piece
Stocked At (Warehouses)	Västerås, Sweden

Technical Information	This offering includes a three-year subscription for each asset to ABB Ability™ MACHsense-R. This subscription facilitates the sending of data through the ABB Ability™ Powertrain Portal. It is important to note that this is a self-service subscription and does not encompass the ABB Ability™ Monitoring service, where the data is analyzed and reports are generated by the ABB Global motion support team.
-----------------------	---

Please be aware that each subscription is linked to a single asset. Should you require monitoring for multiple assets using one MACHsense-R device, an additional subscription for each asset is necessary. It's worth mentioning that the MACHsense-R has the capacity to monitor up to four assets, depending on the sensor configuration.

The 3rd and 4th asset on the same MACHsense-R will receive a significant

subscription discount. Please place a RFQ for exact price.

Invoicing will be done with delivery of hardware, or two weeks after subscription
only orders
Hardware is not included.
It can be ordered separately:
3BSM045700-B MACHsense Hardware kit
